Y4 D & T

spotlight

In Design and Technology, this term, year 4 are designing their own sling shot cars. The children will create a design, explore making a strong chassis, look at attaching an axle and wheels and finally, add the shell. So to inspire the children, Year 4 visited The Real Mini Company in Berinsfield where they learned the correct vocabulary for the different parts of the car and build processes. They thoroughly enjoyed themselves and asked a great many interesting questions about the build process and the different car parts
