Friday 31<sup>st</sup> March 2023

Year 1 have been very busy this term learning about Explorers in History and Polar Places in Science. The children have learned about 5 different explorers through time from Ibn Battuta to Suita Williams, an American astronaut. We have learned about the Polar regions, its weather, habitat and animals. As well as this we have also been learning about the Easter story in religious Education and have learned key events and why Jesus was treated so horribly. The children have really enjoyed their learning and were eager to share their learning with the Reverend Theresa when we visited the church. We have worked so very hard this term, as always and

continue to make progress in all areas, especially reading, writing and maths.
